Alex Suvorov

Full Stack Engineer

👤 Profile

I have 4+ years of experience as a full-stack developer. I have been working in a Software House and a Blockchain Startup. I've also built an online game-based educational platform (codenplay.io), where people can learn to code by playing games. It currently has 50+ active daily users.

💼 Employment History

Self-employed, Full Stack Engineer, Warsaw

February 2020 — Present

Was working on my own project. It is an online platform, where people can learn to code by playing games. I have built the whole platform with Vue.js and Firebase. I was also working on Google Ads campaign and SEO optimization.

Full Stack Engineer at Alice SI LTD, Warsaw

July 2018 — February 2020

Remained up-to-date with the latest programming technologies and advancements. Applied advanced knowledge of programming tools to maintain the core product and build many MVPs using Vue.js, Node.js, React Native and Solidity. Served as a devops, managing deployment the new projects on AWS and GCP.

Software engineer at Atinea LTD, Warsaw

January 2017 — April 2018

Applied advanced knowledge of programming languages and development tools to develop web applications for clients with ASP.Net, C#, SharePoint, PHP and other technologies.

Freelancer, Software engineer, Warsaw

April 2016 — January 2017

Completed several freelance projects, including: Photoshop script implementation, simple game in C++ and website building.

🎓 Education

Bachelor, University of Warsaw, Warsaw

September 2015 — September 2019

Computer Science
